

LEAGUE OF NATIONS HAD SEEMED COUNCIL OF PERFECTION BUT HAD COME TO SEEM A PLAIN COUNCIL OF NECESSITY

President Wilson, in Address to Senate.

Crowds in Galleries Rose and Cheered Wildly for More Than a Minute.

Defying all Senate Rules as Chief Executive Entered the Chamber.

Address Delivered by President Marks an Epoch in History of the World.

WASHINGTON, JULY 10.—(Associated Press)—President Wilson, in presenting the peace treaty with Germany to the Senate today, declared that "a league of free nations had become a practical necessity," to which the framers of the treaty felt obliged to turn "as an indispensable instrumentality for the maintenance of the new order it has been their purpose to set up in the world."

The "most skeptical" of the peace conferees at Paris, the President said, had turned more and more to the league as discussion progressed in seeking solutions of the problems that arose in framing the terms of the treaty itself.

"The fact that the covenant of the league was the first substantive part of the treaty to be worked out and agreed upon," the President said, "while all else was in solution helped to make the formulation of the rest easier."

Mr. Wilson said the agreement on the covenant had given the conferees a feeling that their work was to be permanent and that the most practical among them were "at least the most ready to refer to the League of Nations the superintendence of all interests which did not admit of immediate determination, of all administrative problems which were to require a continuing oversight."

"A COUNCIL OF NECESSITY"

"What had seemed a council of perfection," said the President, "had come to seem a plain council of necessity. The League of Nations was the practical statesman's hope of success in many of the most difficult things he was attempting."

When the President entered the Senate chamber escorted by a committee of senators the crowded galleries rose and cheered for a minute in disregard of the Senate rules. The President, mounting to the Vice-President's seat, spoke briefly with Vice-President Marshall as the cheering continued, punctuated with "rebel" yells.

ADDRESS LASTED 40 MINUTES

WASHINGTON, JULY 10.—(Associated Press)—President Wilson today laid the peace treaty with Germany before the Senate without attempt to explain its special terms. His address, which required 40 minutes for delivery, was devoted almost wholly to the League of Nations.

AMERICAN ISOLATION ENDED

American isolation, the President said, ended 20 years ago, at the close of the war with Spain. Fear of American motives now also had ended, he declared.

"There can be no question of our ceasing to be a world power," said Mr. Wilson. "The only question is whether we can refuse the moral leadership that is offered us; whether we shall accept or reject the confidence of the world."

The war and the peace conference, in his opinion, the President said, had already answered that question "and nothing but our mistaken action can alter it."

After the end of the great war, the President said, "every enlightened judgment demanded that at whatever cost of independent action every government that fought for its people or for justice or for ordered freedom, should lend itself to the new purpose and utterly destroy the old order of international politics."

"Statesmen might see difficulty in accomplishing this purpose," he continued, "but the people could see none and could brook no denial." The League of Nations, he added, was "not merely an instrument to adjust and remedy old wrongs under a new treaty of peace; it was the only hope for mankind."

It had not been easy, he said, to "grasp the new order of ideas and the old and some of the fruits of the grafting may, I fear, for a time, be bitter."

"But with very few exceptions," he added, "the men who fought sat with us at the peace table desired, as sincerely as we did, to get away from the bad influence, the illegitimate purpose, the demoralizing, the interna-

tional councils and the expedients out of which the sinister designs of Germany had sprung as a natural growth.

GIVEN OVATION

President Wilson was given an ovation when he entered the Senate chamber and when he concluded the reading of his address, but he was not interrupted during the reading. Senators, diplomats and crowded galleries followed him closely.

After concluding the address the President formally presented the treaty to the Senate and the official copy was immediately referred to the Foreign Relations Committee and rushed to the printer in order that it might be in senators' hands in the shortest possible time.

Fifty thousand copies of the treaty and the President's address were ordered printed by the Senate.

FRENCH TREATY LATER. President Wilson submitted to the

TOOK 375 PRISONERS WITH TWO SHOTS

Sergeant Harry J. Adams.

Three hundred and seventy-five German prisoners with two shots in the war record written after Sergeant Harry J. Adams' name. He performed that feat at Bouillonville in the salient of St. Mihiel. His lieutenant had taken eighty prisoners and ordered Adams to see if there were any more in town. He saw a German run into a house and, dashing after him, entered just in time to see the first shot through a trap door in the wall. Sergeant Adams had only two shots in his automatic. He fired them both through the door and ordered the German to come out. The Boche came, and after him, one lieutenant colonel, eighteen staff officers and 355 soldiers. This story is from the official records which recommend Sergeant Adams for the Croix de Guerre. He was among the first 700 American soldiers to arrive in France. His home is in Rochester, New York.

Senate only the treaty containing the covenant of the League of Nations. The proposed supplementary treaty under which the United States would agree to go to the aid of France in case of an unprovoked assault by Germany will be presented separately at a later date. Mr. Wilson is preparing a separate address to the Senate explaining this agreement, and Mr. Wilson's purpose to present the peace treaty and agreement with France has indicated as being that this time thus far had been devoted entirely to preparing his address on the treaty with Germany and that opportunity had been lacking to complete a similar explanation of the proposed pact with France.

ONLY FOR A TIME.

Mr. Wilson told correspondents that the treaty with France was designed for the protection of France until such a time as this special guarantee would no longer be needed because of the protection to be afforded all nations by the League of Nations.

MR. WILSON HAS THE IMPRESSION THAT THE FRENCH PEOPLE WOULD BE CUT TO THE HEART IF THE UNITED STATES SHOULD FAIL TO APPROVE THE SPECIAL TREATY.

DIVULGES SECRETS

After concluding his address the President went to his room near the Senate Chamber where he remained nearly an hour receiving senators and representatives and discussing the treaty with many of them.

Reasons actuating the peace conferees on many important subjects were said to have been disclosed by the President.

While the President was thus engaged Republican leaders conferred in the Republican cloak room. Those attending included Senators Lodge, Borah, Brandgee, Fall and McCormick.

BRITISH RESTRICT LABOR OF ALIENS

London, July 10.—Notwithstanding strong opposition by the Government, a House of Commons committee today adopted by a vote of 15 to 12 a clause in the alien bill restricting the employment of aliens in Great Britain.

Nearly every Democratic senator visited the President. Senator Kenyon, of Iowa, was the only Republican senator to call and he merely exchanged greetings.

MARTINS FERRY—M. M. Berry, former principal of Mt. Gilead High School and ex-army lieutenant, has been elected principal of the local high school.

Lives of 750 Passengers Endangered in Accident Off Cape Race.

(By Associated Press)

St. Johns, N. F., July 10.—Two men were killed and two injured when the Allan liner Grampian collided with an iceberg off Cape Race last night.

The steamship with 750 passengers and a crew of 350 arrived here this morning for repairs.

WILL QUICKLY RENEW FRIENDLY RELATIONS WITH GERMAN PEOPLE

President Pleased With German Ratification of Peace Treaty and General Outlook.

YANKS STAY ON RHINE

Trade Relations with Germany will be Resumed at Once is Wilson's View.

(By Associated Press)

Washington, July 10.—President Wilson, conferring with newspaper correspondents at the White House today, indicated that he was extremely gratified that the treaty of peace had been ratified so promptly by the German national assembly.

The President also indicated that he felt trade relations between Germany and the associated nations should be resumed at the earliest possible moment, for without trade Germany could not meet the reparations demanded of her.

It was made clear that the President felt troops should be maintained in Germany until the Germans had complied with all the military terms of the treaty.

It was pointed out that there were several million veteran soldiers in Germany and munitions sufficient for them to operate. The Germans have from one to four months in which to deliver all material except that sufficient for the reduced German army provided for in the peace treaty, and the President believes American troops should stay on the Rhine until the material is delivered.

Discussing the peace negotiations at Paris President Wilson let it be known that the League of Nations covenant will be in every treaty negotiated at Versailles, including that with Bulgaria, with which country the United States never was at war.

In response to questions regarding the Fiume situation, the President pointed out that the treaty of London provided that Fiume was to go to Croatia, and that Italy did not lay claim to the city when the treaty was signed.

The President made it clear that demobilization of the American army would depend upon the speed with which the military conditions of the peace treaty were executed by Germany and the treaty was ratified by the various governments.

Mr. Wilson feels that the United States must play a generous part in the reconstruction of Europe, but he believes this should be accomplished by establishing some sound basis of credit rather than direct government aid.

GOLD GOING TO SPAIN.

New York, July 10.—Gold to the amount of \$3,670,000 has been withdrawn from the treasury here for shipment to Spain.

BAKER AT WORK COMPLYING WITH ARMY BILL TERMS

(By Associated Press)

Washington, July 10.—Complying with the terms of the army bill awaiting the President's signature Secretary Baker has issued instructions for the discontinuance of all construction work and purchase of real estate for aviation fields, balloon fields and air service schools.

While condemnation proceedings have been instituted to acquire real estate they will be continued until specific authority has been issued to drop the proceedings.

Among exceptions is Camp Sherman.

FORMAL NOTICE OF RATIFICATION REACHES PARIS

Ebert Affixes Signature Thursday Night.

Official Confirmation is Given

(By Associated Press)

Berlin, July 10.—President Ebert signed the bill ratifying the peace treaty at 8 o'clock tonight, according to the Vorwaerts, and the document has been dispatched to Versailles.

REPORT CONFIRMED.

(By Associated Press)

Versailles, July 10.—Official notification of the ratification of the peace treaty by the German National Assembly was given the peace conference this morning....

SEEK LETTER OF DISAGREEMENT SENT TO WILSON

Resolution Submitted Asks Wilson for Copy of Protest on Chinese Mix-up.

(By Associated Press)

Washington, July 10.—Under a resolution introduced today by Senator Borah, republican, President Wilson would be asked to send to the Senate a copy of a letter declared to have been written by General Tasker H. Bliss on behalf of himself, Secretary Lansing and Henry White, protesting against the decision of the peace conference regarding Shan Tung.

The resolution which went to the Foreign Relations Committee also would ask for information as to any attempt on the part of the Japanese delegation to the conference to "intimidate" the Chinese delegates.

OBERLIN—Falamon Cole, aged 74, left to attend the Fourth exercises at Elyria and has disappeared. A search has been instigated.

ACTRESS ADOPTS FRENCH VETERAN WHO'S ONLY 14

Elsie Janis just after her return from eighteen months overseas.

Capt. Elsie Janis, who went overseas to entertain our fighting men and won enormous popularity, recently returned to this country and has now done something else which shows the bigness of her heart. She has adopted a French veteran, Michael Card, who is but fourteen years old. Michael arrived here as a stowaway and would have been sent back had not Miss Janis come to the rescue.

AUSTRIANS ARE TO BE ADMITTED

Stable Government Alone Required Before Austria Becomes League Member.

Supreme Council has Announced Decision.

(By Associated Press)

Paris, July 10.—Austria will be admitted to membership in the League of Nations as soon as the allied and associated powers consider that she possesses a responsible government with both the will and power to fulfill its international obligations.

The Austrian peace delegation has been so informed in a reply by the supreme council of the peace conference to an Austrian plea for immediate admittance to the League.

FRESH ATTACK BY HUNGARIANS ON RUMANIANS

(By Associated Press)

Bucharest, July 10.—Hungarian Bolshevik troops which were withdrawn from the Czecho-Slovak front on order from the peace conference, have attacked Rumanian forces, according to reports from Transylvania, which say the fighting continues.

MAKING HAY WHILE
THE SUN SHINES

Farmers who can get away from their wheat threshing or corn plowing for a little while are now turning their attention to hay harvest, and and literally make hay while the sun shines.

The hay crop will be a very good one this season, and ever effort is being made by the busy farmer to handle it at the proper time and yet complete his other work as it should be taken care of.

Coming on top of a rather slow wheat threshing period, due to the great amount of straw, and with corn plowing still not finished, the present period is the busiest of the year among Fayette farmers.

HOTEL BUILDING
SELLS AT \$9800

The Sabina Hotel Block in Sabina has been sold by order of the common pleas court, and was purchased by R. P. Hass, of Lancaster, at a bid of \$9800, the block being appraised at \$9,000.

So far no definite announcement has been made by Mr. Hass as to what will be done with the hotel.

26 BUSHEL YIELD
IN LEAD SO FAR

Reports from the Good Hope neighborhood, regarding wheat yields, give the highest yield so far reported to John E. Free, who has threshed a 56 acre field that produced 26 bushels of wheat to the acre.

The yield is one of the largest reported from any part of the county, and those having better yields are invited to make the fact known, or anyone knowing of larger yields of their neighbors are asked to notify The Herald.

The yields so far have generally been below the yield expected.

DIVORCE PROBLEM
IN MADISON COUNTY

W. H. Hume, clerk of courts, in forms that from June 30, 1918, to June 30, 1919, there were 34 divorce suits filed in his office. Of these, 14 were decided; leaving 20 pending 13 of these cases were brought by the husband, and 21 by the wife. 9 cases brought by the wife were granted; 4 filed by the husband were granted and one was dismissed. Of the 34 cases filed, 2 were for cruelty, 3 for adultery, and 29 for gross neglect.—London Democrat.

TAX COLLECTIONS
ABOVE \$81,000

The tax collections up to the close of business Wednesday evening reached a total of \$81,167.52, with indications that it would pass the \$100,000 mark by Saturday night.

The collections Wednesday were \$4,644.27.

RHEUMATISM
LIKE A MULE

You've got to coax it to make it go. "Neutrone Prescription 99" will start the most stubborn and dogged case of rheumatism.

We have witnessed its effectiveness in hundreds of cases, it does things.

"Neutrone Prescription 99" is entirely different from the old preparation in that it aims at eliminating all Rheumatic poisons by purifying the blood, common sense teaches you this.

It removes those awful pains, limbers up those swollen stiff joints and muscles in a way that will surprise you. Get a bottle today, get the old stuff out of your system, 50c and \$1 the bottle at your druggist.

Frank Christopher, the Druggist, and leading druggists everywhere

Why Is The Essex Bought by

Men in Remote Sections Where An Essex
Has Not Been Seen, Mail Their Orders.
It Is An Unusual Mark Of Confidence

Men Who Have Never Seen It?

There is a strange and strong interest in the Essex which we have not been able to fully explain.

You hear the most sincere endorsements for its qualities from men who have never even seen the car. We believe that more than half a million people now do intimately know the Essex, but that does not account for what is being said about it in remote communities where no Essex car has yet appeared.

Distributors report having received orders by mail from persons who say they have heard so much about the Essex that they know it is the car they want.

Perhaps you, too, are one who has not yet seen the Essex. Yet you cannot be a reader of these words and not have heard what people on every hand are saying about it.

Because of what you have heard others say, you approach the Essex with the most favorable impressions. With so many thousands making the Essex the standard of their automobile desires, there is some explanation for the confidence evidenced when men send their money for a car they have never seen.

Surely It Is Not Because
Of What We Have Said

All that you have heard about the Essex is what others have said for it. We have made no claim for it. We have published no descriptions. We have not said it is a better car than any other. We have not even intimated that its performance exceeds the performance of other cars. But on all sides you hear it compared to cars you know favorably and in most cases to the advantage of the Essex. There can be but one explanation for that and that

is the Essex must through sheer merit have won the admiration of those who have seen and ridden in it.

Then It Must Be What
Others Are Saying

In every community some one car is recognized as leader. It is not just any car of a given make but an individual car that holds the best record for speed or acceleration or hill climbing. You must know some car in that way. And haven't you heard men attempt to explain the Essex by comparison with that car?

That is the way in which its riding qualities are described. Its finish and beauty are likened to similar qualities in other cars that people know favorably and well.

In attempting to explain the reason for the way in which the Essex has been accepted we return always to the car itself. It must have qualities men have wanted. It was our aim to meet that demand. We wanted it to have the advantages in economy of cost and operation of the light cars and to also have the endurance and performance as well as the appeal to pride which have been exclusive to costly cars.

Its Sales Now
Prove It

Essex sales have been in excess of deliveries from the very day the car was announced. The production now approximates 100 a day but does not begin to meet the needs. Ask any Essex dealer. If what others are saying carries the same conviction to you as it does to others, then you must sooner or later want an Essex. It is best to decide early.

We are opening our new sales room on East Market Street and will endeavor to have on hand a full line of Hudson, Essex and Cole Cars at all times for demonstration and sale. The Essex is unquestionably one of the leading cars of the day and we are confident that we can convince you of the fact.

ROTHROCK LAUNDRY

BOTH PHONES

SAD SERVICES ARE LARGELY ATTENDED

One of the saddest funeral services ever held in the McNair Memorial Presbyterian church was that of little Geraldine Cripps, who for three years had gladdened the hearts of her parents, Mr. and Mrs. Cary Cripps, and only sister.

The church was filled with sympathizing friends. Rev. J. L. McWilliams made a beautiful little talk, speaking with much tenderness of the little human flower now blooming in God's garden, and read the affecting memoir.

Rev. D. H. Reily read comforting passages from the Scripture and offered prayer and the hymns: "When He Cometh to Make Up His Jewels" and "Beautiful Isle of Somewhere," sung by Mrs. Sam Lydy and Miss Ruth Richardson, with Miss Beulah Elliott accompanying.

A wealth of flowers surrounded the tiny white casket, which was borne to its last resting place in the Washington cemetery by four young girls, Thelma Craig, Irene Compton, Pauline Denny and Edith Barnes.

Relatives here for the services were: Mrs. Benson Wrenn, Wichita Falls, Texas; Mrs. W. A. Sanders, of Hillsboro; Mrs. Herbert Bryan of Mechanicsburg; Mr. and Mrs. B. E. Cripps and children of Springfield; Mrs. Nancy Cripps, South Vienna.

MANY TROOP TRAINS

Troop trains are now a daily occurrence over the B. & O. road. In fact they pass several times a day. Instead of going east, as was the case a year or more ago, they are now going west, carrying the returning soldiers home. From four to six trains loaded with khaki clad boys, passing through is almost a daily occurrence.—Greenfield Republican.

FAYETTE STANDS THIRTY-FIFTH IN WAR STAMP SALES

This county stand 35th among the counties of Ohio in the amount of War Savings Stamps sold by school children so far this year. Total sales of \$4,000,000 have been made in the state this year through the schools, of which amount \$22,239.48 was sold in this county. The per capita average of sales by the school children of this county is \$4.87.

The Clermont county schools continue to lead among the county schools while the city leadership is held by Ashland, Coshocton, Highland, Warren and Clinton counties follow in the order named. The Clermont County schools have a per capita average of sales of \$31.75.

Stamp sales during the summer months will be made through Vacation Thrift Committees. Many inducements have been offered by the Ohio War Savings Committee and by the various county committees to banner salesmen in each county. The state committee has offered prizes valued at \$8000. Every student that sells \$100 worth of War Savings Stamps will be given a hand grenade savings band, others will get German helmets and in many counties additional prizes are to be awarded.

RINGLING BROS. AND BARNUM & BAILEY

Mammoth Shows Are Now Combined And Announce Exhibitions At Early Date.

The world's biggest amusement institution, Ringling Brothers and Barnum & Bailey Shows Combined, is to exhibit afternoon and night at Chillicothe, Wednesday, July 23.

The consolidation of the "World's Greatest Shows" and the "Greatest Show on Earth" in one circus of colossal size, constitutes the amusement surprise of the country. Nothing to approach this gigantic, new circus has ever before toured American. It has been formed by merging the pick and the cream of all that was biggest and best in the two famous shows. It would be folly to attempt to enumerate its many wonders. Some idea of the enormous scale upon which features are presented may be had when it is stated that a quarter of a million pounds of elephants take part in a single act. In other words six times as many of the big-eared giants than have ever before been seen in one main-tent exhibition. All else to be seen is in proportion. The arena stars embrace all the world's foremost circus performers. There are three hours of novelties and big sensational acts. The Managerie is far and away the most colossal ever traveled. For instance—a herd of eight giraffes are exhibited in place of the two or three shown in the past. The great tournament which opens the main-tent program, is the most magnificent thing in pageantry yet produced in America. Hundreds upon hundreds of gorgeously costumed characters and beautiful horses take part in it. The morning street parade is the longest and most brilliant ever given anywhere. It is a stupendous, super-circus that baffles description. The circus will be in Columbus, Thursday, July 24.

CLEVELAND—Fire of unknown origin caused between \$60,000 and \$75,000 damage to the Crescent Brass Manufacturing Company plant yesterday morning.

BOTH "RHYME AND REASON" IN THIS STOMACH TREATMENT

For many a year, I felt, alas, the the gripping pains of stomach gas. After each meal, I had such pain I'd swear I'd never eat again. My tongue would wear a whitish coat; with much cheffin I'd belch and bloat; my lips were dry; my heart would "burn" in fact I knew not where to turn. Full many a doctor felt my pulse and gave me dope, without results. On liquids, powders, potions, pills, I fed for years, to cure my ills. My blood refused to circulate—all that I ate would constipate—until I read Doc Parker's ad—"If Indigestion you have had, I give this speeeping guarantee:—My Treatment will with you agree; stop your dyspepsia and heart burn, or quick your dollar I'll return." This thought inspired my confidence. It he'll return one hundred cents, thought I'm, my dollar I'll invest. I did. Now see how I am blest; for I sleep soundly every night and eat with vim and appetite—corned beef and cabbage and sauer kraut and tripe ne'er put my stomach out; for when I feel the slightest pain to Parker's I refer again, and even though I overeat, it keeps digestion sound and sweet. That's why the writer recommends this "powdered health" to all his friends, acquaintances and strangers too knowing just what 'twill do for you. This Treatment, it is my belief, to your case, too, will bring relief. Bowels, Liver, Stomach regulate and make you well—as sure as fate.

The above is based upon the statement of Mr. S. G. Griswald, 319½ N. Second Street, Ironton, Ohio, who is with A. L. Harmon Shoe Store and refers to the treatment of Dr. Geo. B. Parker, stomach specialist of Athens, Ohio, Guaranteed to help anyone suffering from symptoms of Indigestion and Constipation, or your dollar will be returned. Sold at all druggists.

ROBBING ARMY STORES GROWING

London, June 15.—(Correspondence of the Associated Press).—"Knock off," a term used by soldiers to describe pilfering of army stores, is said to be becoming epidemic in British business life. Exports firms complain of an alarming increase in thefts of goods sent overseas. In one shipment recently goods valued at \$2,500 were stolen between the warehouse and the docks. Anything to wear or eat disappears like magic, said an exporter, adding: "A great impetus seems to have been given to the 'knock off' habit by the war."

To have developed a rare, wondrous odor, at a cost of thousands of dollars; and then to be able to sell it in a beautiful package of talcum at a price within every woman's means is the supreme achievement of the makers of Jonteel, the New Odor of twenty-six Flowers. Try Talc Jonteel today.

THE FRANK L. STUTSON CO.

Uncle Sam says— "Wire Those Houses NOW!"

Your Neighbors have electric service—their houses are wired! Why shouldn't you be enjoying these same benefits?

Thomas Edison says:

"Electricity and machinery can make household drudgery a thing of the past—and that as soon as woman pleases."

ELECTRIFY YOUR HOME

If your house is not wired, now is the time. There will never be a better time; labor may be scarce in the Fall—prices will be no lower!

HOME OWNERS. Your house will be worth much more wired. It will rent better and have a higher, more definite market value.

HOME RENTERS. Before you move be sure your home has electric service—make sure of your future home happiness by "doing it electrically."

HOME OWNERS AND RENTERS: We will help you plan the most economical and serviceable equipment for your home. Free appointments at your convenience. Easy payments.

Rising Prices

Retail prices of foodstuffs in the United States continue to advance. The advancing prices are not confined to any one or half dozen kinds of food. In every kind of foodstuffs the advance is noted and continuous and, in about the same proportion, effecting all food commodities.

We, all of us consumers, stop with the announcement of advances in retail prices because, perhaps, that is our immediate point of contact and we are satisfied to predicate our assertions of fact on that foundation, leaving the retail men to carry their price troubles on back up the line to producer if they desire. Most of us, though, retail dealer and consumer are too busy to stop to investigate seriously the cause for the continued advance in prices.

Officials and theorists have been unusually silent in the face of extraordinary conditions. They have been timid, even the politicians, have hesitated to fix the "blame" for conditions. Explanations of this very unlooked for and unprecedented after war condition are almost wholly lacking. Those who usually have an abundance of explanation on tap seem to be struck dumb as food stuff prices soar upward.

The only reason for price conditions seems to be the abundance of money, the increased wage scale in all lines resulting in an unprecedented demand.

It is doubtful if people generally really appreciate the tremendous wealth possessed by the American people and the enormous purchasing power of the public.

Our bank reports and treasury balances furnish the real and the only explanation for the high and rising prices. The purchasing power of the dollar has fallen because there are so many dollars in circulation.

Watching the Rascals

There are some developments which encourage the people to hope that the unprecedented extravagance in government expenditures, which marked the nation's war mobilization work, will not prevail in the work of demobilization.

That many millions of dollars were wasted in the public expenditures while the rush work of war preparation was in progress is conceded and excused on the ground of the urgent need for haste.

The necessity for haste does not exist now in the demobilization work. Hundreds of millions of dollars worth of government stores, buildings, lands, equipment, machinery, trucks and other personal property, including even junk, useless to the government in time of peace, is to be converted into money—sold for cash to individuals and private companies and already, judging from news dispatches, the consciousness profit seekers are alert and seeking to mulct the government at the same ratio of gain they obtained in the hurry and rush of war time.

Men of means and prominence in business suspected of plundering the people during the work of mobilization as well as those who are laying plans for future robbery, are already under arrest in some of the larger cities.

Not only are the government officials determined to check further speculations but they are going to check back and land some of the human eels who "prospered" materially when the nation entered upon its tremendous war work rush.

Another Matter

Washington people have been making such splendid progress in the attainment of very much needed improvements that they have become ambitions to still further better conditions.

It is generally understood that one improvement necessitates others in our private affairs and that, generally speaking, is the case too in our public affairs.

Now that asphalt streets in the business sections are practically assured 'ere the next winter begins and work of bettering the wretched railroad crossings has been taken up in earnest with the promise of relief soon citizens are urging that some action be taken by the proper authorities to prevent the dumping of dirt and slop on the surface of the business and residential streets. Conditions in that regard cannot be overlooked by the passerby on the sidewalks. No citizen should be permitted to use the street as a dumping ground. There are receptacles that can be purchased at moderate prices into which slop and dirt can be placed until hauled away.

There are some disgraceful places along our business streets. It is not pleasant to call attention to these matters. Conditions are there to speak for themselves. It certainly is not necessary to urge that these violations of law be stopped and that these offenses against the public health be brought to a prompt end.

Let's not allow the good work so well begun to stop until these abominations are done away with.

CAMATONE!

POETRY FOR TODAY

THE HARVESTING SONG.

The harvests are in where the valleys are sweet.
With ripples of wind on the waves of the wheat;
The reapers have gathered them one after one,
The sheaves of the gold and the green of the sun;
Love in the lilacs to call at noon.
Home from the harvest with lips of June!

Home from the harvest the reapers have come,
Far in the hedges the partridges drum,
The red wings are shining, and out of the blue
The mocking bird warbles a how-do-you-do;
Love in the gates where the harvesters swing,
Binding their brows with the roses of spring!

High on the hill side the orchards are fair
With peaches that blush to the roots of their hair;
Grapes turning purple and apples to fill
The barrel by the barn where they turn the old mill;
Love, after harvest, with bright eyes a gleam,
To lead with her lips to the rest and the dream!

Fair fade the echoes, the reapers are done,
The sound of their clatter dies down with the sun,
The grain's in the bin and the chaff's in the byre,
And the fiddles play up and red lips are on fire,
Love in the valleys, oh, yield to her glance,
With your arms round her waist in the swing of the dance!
—Baltimore Sun.

The Vigor of Swift & Company Continues Only Because of Service

The only "control" over the packing industry is the "control" that gathers about the ability to do a necessary job in the best way.

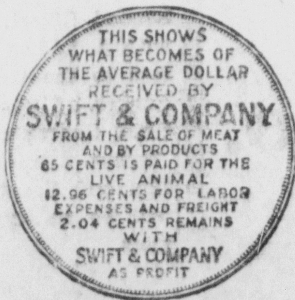

Swift & Company has reached a leading place in the industry because the size and character of the job of providing a nation's meat require the wide and thorough organization, the experience and devotion to duty, found in an institution like Swift & Company.

The moment Swift & Company ceases to perform its functions of usefulness with the greatest efficiency and satisfaction to the people, its position in the industry will vanish.

Swift & Company service is performed at a profit of a fraction of a cent per pound.

Let us send you a Swift "Dollar".
It will interest you.

C C C Centenary Celebration Columbus

(OHIO)

Positively Closes
Sunday, July 13th

Described by William C. Free-man, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

Only three days after today remain for those who have not yet seen this MASTER EXPOSITION OF MODERN TIMES—to see it.

IT WILL BE A GREAT PITY IF YOU DON'T SEE IT.

WILLIAM G. McADOO, Ex-Secretary of the Treasury—a very level headed business man, who is not given to saying things he does not mean, told me that this

CENTENARY
CELEBRATION
COLUMBUS

is the most unique, the most remarkable, the most constructive, the most far-reaching exposition he had ever seen.

He was tremendously pleased also with the wonderful attention he received from over 15,000 people who heard him deliver his great League of Nations speech, from the grandstand in the oval, on July Fourth—one of the hottest days either he or his hearers ever experienced.

BUT HEAT DOES NOT AFFECT THE ARDOR OF THE PEOPLE WHO ATTEND THIS CENTENARY CELEBRATION.

NOTHING AFFECTS IT.

There is a great wave of approval and deep appreciation shown by the hundreds of thousands of people that have seen it.

Everywhere I went among the crowds during the 72 hours I visited this GREAT EXPOSITION—6 days—I heard most enthusiastic comments.

Furthermore, a great many men and women to whom I spoke without the formality of introduction (this illustrates the democracy of this wonderful Exposition) said to me:

This Centenary Celebration should repeat itself in all sections of the United States, for it is a marvelous example of what can be accomplished in rebuilding the world when the work done by so many thousands of earnest men and women, who give up everything for the benefit of others—is so intelligent, so humane, so sincere, so helpful.

I believe myself that the Centenary Celebration, which has proved to be far more impressive and effective than even the Committee in charge and the thousands of volunteer workers, who helped so wonderfully to make it a success—dreamed it would be—that there will be a great cry go up in all parts of America.

"BRING IT TO US! BRING IT TO US! WE WANT TO SEE WHAT IS BEING DONE TO PUT ALL PEOPLES OF ALL COUNTRIES ON THE SAME FOOTING AS WE ARE HERE IN AMERICA."

JOSEPHUS DANIELS, Secretary of the Navy—fine Christian gentleman that he is, visited the Exposition on July 5th.

He talked to representatives of the great body of Methodist Minute Men now representing an enrollment of over 68,000—and, accustomed as he is to "wonder work" on the part of great bodies of earnest and fearless fighting men, he marvels at the great work accomplished by these Methodist Minute Men—and he also marvels at the magnificent display of exhibits that illustrate the thoroughness with which Methodist Missionaries perform their charities and humanities in foreign lands.

Oh, readers, this Centenary Celebration opens wide the door to you to get a closer and surer grip on your own humanities.

You need the human lesson it will teach you as well as the intellectual treat that it will give you.

See it before it closes its gates on Sunday evening, July 13th.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

One of the questions to be brought up at the third annual convention of the Woman's Association of Commerce of the United States in St. Louis next week will be the possibilities of foreign trade and opportunities it offers to women. Miss Jessie Ackerman, who recently returned from a trip around the world, is to address the convention.

Miss Florence King of Chicago will preside. She says: "The war graduated many women from the 'pink tea' class and they are no longer willing to kill time making lace for pillow shams, frosting for cake and other little things, but having had a smell of the powder, are quite willing to stay on the firing line of useful occupation. Women are not seeking to crowd men out of their positions but they desire to do their share of the world's work wherever they are best fitted to serve in carrying forward the increased production which must now be stimulated in the United States."

Quite a crowd of friends and old acquaintances from Jeffersonville, Bloomingburg and surrounding towns motored to Morrow Ohio last Sunday morning to surprise and visit old friends and neighbors. Mr. Montgomery Coe and wife, upon the occasion of Mrs. Coe's 69th birthday.

The day was ideal in every way. The party arrived about 9:30 just in time to find Mr. and Mrs. Coe were ready to start to church and a little later, with well filled baskets, they all motored south five miles to the home of the son, Norval Coe, where a bountiful dinner was spread on the beautiful lawn, and a couple of hours delightfully spent.

Mr. Coe received many useful and pretty presents.

Those present enjoying the day were: Mr. Ernest Allen and family, Mr. Frank Clark and Ray Coe from Jeffersonville; Mr. Chas. Judy and family and Mrs. Huldah Martin from Bloomingburg; Mr. Chas. Thompson and family and Mr. Herman Lewis and wife of Bowersville; Mr. Val

It's Easy to Add Water to This USL Battery.

One of the very important things about starting and lighting batteries is the addition of water—adding enough and no more.

By the use of a special filling feature the USL Battery may be filled to just the proper level, without overflowing.

This seems a small matter, but to the owner of a battery it's an important feature and should be looked into when purchasing a battery. Come in and let us demonstrate this feature.

Thornhill's Battery Shop

East Market Street. Washington C. H., O.

Heironymous and wife, Mr. Eugene Heironymous and family of Cedarville; Mr. Paris Custer and family, Mr. Chas. Straley and family, Mr. Oakie Spahr and family, Mr. and Mrs. James Roberts and Mr. Chas. Sites of Jamestown; Mr. and Mrs. H. C. Lovelless, Mr. and Mrs. C. C. Lovelless; Mr. and Mrs. Harrison Jack, Mr. and Mrs. Wallace Baughn and daughter, Maunier, sons Paul and Leo and Mr. and Mrs. Rufus Jenks and family of Xenia; Mr. James Lemons of Morrow and Mr. and Mrs. Norval Coe and family and Mr. and Mrs. Montgomery Coe.

As the golden sun was sinking behind the big hills and the moon slowly rising the party started on the homeward drive, leaving with Mr. Mrs. and Coe all manner of good wishes for many more years of health and happiness together.

Thirty-three members of the local chapter of the Daughters of America with State Vice Counsellor, Mrs. Carrie Faulkner and her husband of Xenia, were guest of the Good Hope Chapter of Daughters, Tuesday evening at their installation.

The entire party motored down in trucks, and were royally entertained by the Good Hope chapter. Refreshments were served during the social hour.

The Thursday Bridge Club was indebted to Mrs. Jesse Persinger for delightful entertainment and a luncheon of lovely appointments Thursday.

Miss Marie Cook took the young boys of her Sunday School Class of the Christian Church on a picnic to Proctor's farm, Wednesday afternoon.

The beautiful place is ideal for picnicking and the boys had a royal good time, wading and playing, with a supper including all their favorite "cats." Dr. W. E. Robinson and Mr. J. A. Louderman kindly took the party out in their machines.

Relatives and friends in this city, of Miss Anne Weaver, of Xenia, will read with interest of the announcement of her approaching marriage in the Xenia Gazette:

"Several pre-nuptial affairs are to be given this week honoring Miss Anne Weaver and her fiancée, Mr. Schuyler McClellan, whose marriage has been announced to take place next Monday. Miss Lois Babb is giving a 500 party for the pleasure of Miss Weaver, Thursday night. Miss Eleanor Dones and Mrs. Ruth Scott will entertain for Miss Weaver and Mr. McClellan Friday evening, and Mr. and Mrs. Dilver Belden are giving a dinner in honor of the bridal pair Saturday evening.

Mr. and Mrs. John Markley are announcing the birth of a son at the Fayette Hospital, Thursday.

Mrs. E. H. Reeder and daughter Ludene, are visiting Mrs. Reeder's parents, Mr. and Mrs. S. R. McQuire in Dayton.

Miss Lois Crabbe has accepted a position with the Fayette Grain Company, for the harvest season.

Misses Minta and Clara Rowland went to Columbus Thursday to spend the rest of the week at the Centenary.

Mrs. H. G. Coffman and sister, Miss Grace Van Winkle, of Youngstown, spent a couple of days this week at the Centenary Exposition.

It will be of interest to Washington friends that Lt. Harry Mead has returned from several months' service in Russia, and received his discharge at Camp Custer, Mich. Lt. Mead has joined his wife at the home of her parents, Dr. and Mrs. G. W. Wood, in Wilmington to spend several weeks before leaving for Detroit, Mich., to make their home.

Miss Grace Makeley, who was the guest of Mr. John McDonald and family over Wednesday, returned to her home in Dayton, Thursday morning taking home Buddie Focke from a visit at the McDonald home.

Rev. and Mrs. Harry Lewis, daughter Louise, sons Fletcher and William of Kewanee, Ill., are guests of Mrs. A. R. Creamer for a few days.

Mrs. J. S. Williams, daughter, Mrs. Roy Armstrong and little daughter, Katherine Jane, and Miss Mildred Kidd have been the guests of Mrs. Carl Holcher in Columbus, the past two days, attending the Centenary.

Mrs. S. E. Simmons is spending the week end in Columbus, visiting Mr. and Mrs. Harry Daughters and attending the Centenary.

Mrs. G. W. Collins went to Wilmington, Thursday evening to visit her brother, Mr. J. D. Hodson her daughter, Miss Mary also leaving Thursday for Bluffton, Ind., to visit friends.

Mrs. Fred Lampe spent Thursday in Columbus at the Centenary.

Mr. and Mrs. Clarence Craig, son Andrew left Thursday for Cedar Point on a few days outing.

Mrs. Heber McCoy, Misses Cezie and Florence Boggs are spending a couple of days at the Centenary.

Mr. and Mrs. Joe N. Gibson and son who have been visiting Mr. Gibson's sister, Mrs. Miller Minter and family the past two weeks have returned to their home in Rockford, Ill. Miss Minter and nephew Sterling Minter of Slidell, La., who also have been visiting at the Minter home for some time remained for a longer visit.

Mrs. Ray Vanniman has returned from visits in Columbus at the Centenary, and Chillicothe, where she visited her parents, and brought home her little daughter Virginia Ray from a weeks visit with her grand parents.

Dr. and Mrs. D. H. Rowe, Misses Dora and Jessie Morris, of Bloomingburg were in Columbus Wednesday evening, to see the pageant at the Centenary.

Mr. S. A. Murry and Mr. Orme W. Brown joined their wives in Columbus, Wednesday for the Centenary and for the pageant.

Mr. Wm. Simpson, of this city, has received word that his son, Fred Simpson, has arrived from overseas and is now stationed at Camp Merritt. The young man is well and expects to be home in the near future.

Dorothy Elizabeth Dowden, little daughter of Mr. and Mrs. Guy A. Dowden, of Columbus, Ohio, is spending the week with her grand parents, Mr. and Mrs. T. O. Dowdon, Washington Avenue.

Mrs. John McFadden and Mrs. Henry Sparks spent Tuesday and Wednesday in Columbus, visiting the Centenary.

Mr. and Mrs. F. M. Mark and Mrs. Hugh Kennedy attended the pageant at the Centenary Wednesday night.

Dorothy Moore, young daughter of Mr. and Mrs. D. L. Moore of Oakland Ave. underwent an operation for removal of tonsils and adenoids at Dr. L. L. Brock's office Thursday morning.

Mrs. T. M. Saxton and daughter, Mrs. Henry Groseclose of Farnville, Va., went to Columbus Thursday evening to attend the Centenary.

Mr. and Mrs. Fred Bailey, Mr. Bailey's father Mr. Chester Bailey, Mrs. T. E. Gamble and daughter Pauline, of Cincinnati are visiting relatives in Newark and Johnstown.

Aloysius McDonald who underwent an operation at the Good Samaritan Hospital in Cincinnati, Tuesday, is getting along nicely to the relief of many anxious friends.

Mr. and Mrs. Frank M. Fullerton had as their guests on a motoring trip to Chillicothe and Circleville Tuesday Capt. and Mrs. W. B. Hershey and daughter, Mrs. Wm. Vail, of Niles, Ohio.

Mr. J. C. Thomas, of Birmingham, Ala., joined his wife and children at the home of Mr. and Mrs. Jesse Persinger the first of the week and they left with him on a trip to Michigan.

R. C. Schleich, son of Mr. and Mrs. E. H. Scheich is scheduled to arrive from overseas next Saturday on board the transport Walter Ladenbach.

Mrs. S. F. DeWees has returned from Bellefontaine where she attended the funeral of her uncle, and went to Jeffersonville, Thursday to visit her sister, Mrs. W. S. Bush.

WILL ORGANIZE FRIDAY NIGHT

Attention is called to the meeting which is to be held Friday evening at the Y. M. C. A. for the purpose of organizing a Boy Scout troop. Parents of the boys expecting to be members of the troop are also asked to be present at the meeting at seven o'clock.

This movement is the result of the nation-wide drive for Boy Scout members and every parent is asked to lend support to it.

A thorough discussion of the formation of the troop and the requirements necessary for enrollments together with the equipment and regulations will be the purpose of Friday evening's meeting. The benefits derived from such an organization will be brought out.

The first step towards becoming a scout is the Scout Oath which every boy must take before he is enrolled. The oath reads:

"On my honor I will do my best: To do my duty to God and my country, and to obey the Scout Law; To help other people at all times; To keep myself physically strong, mentally awake, and morally straight."

BAPTIST CHURCH CANCELS DEBT

Special to Herald.

Wilmington, O., July 10.—At a memorable services held at the First Baptist church in this city last night, all indebtedness of the new church was cancelled and the formal burning of paid off notes took place.

Summer Sports Sore Muscles, Sprains, Injuries

All outdoors calls to us these fine summer days. Swimming, tennis, baseball—all bring into play muscles that, unaccustomed to so active use, grow sore and stiff.

There is no need for this annoyance. After taking brisk exercise of any sort, knead a light application of House-tone-e-ah into the muscles with the thumb and forefinger. No after discomfort will then be suffered. Its effects are like the application of good lubricating oil to a hot, dry motor. Besides, it is anti-septic and as E. T. Cook, Jr., famous Cornell athlete, says: "I would recommend it above all others for keeping the muscles in best condition; for pulled tendons, sprains and poisoned cuts from spiked shoes." Nearly fifty years' test proves it to be the best emergency remedy. Unlike other liniments, House-tone-e-ah does not smart, burn or blister the most sensitive skin. Its 'healing power' is marvelous. Don't wait for the injury to occur. Say House-tone-e-ah to your druggist. 25c, 50c and \$1.00 sizes. For your protection, see that Dr. Jones' picture is on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, Ohio.

MISCELLANEOUS RECIPES
Creamed Fish Flakes on Toast
Melt two tablespoonful of butter; in it cook two tablespoonful of flour, one fourth teaspoonful of pepper; add one cup of milk, and stir until it boils. Add a can of fish flakes, cover and let stand to become very hot. Turn upon slices of toast.

Fish Timbales
Pick one large fish to bits with a silver fork; add one-fourth of a cup of sifted bread crumbs, one-fourth of a teaspoonful of paprika, two well beaten eggs, and a cup and a half of milk. Mix and turn into buttered timbale moulds, or old fashioned patty molds. Bake in a dish of hot water until the centers are firm. Remove from the pans, and cover with a sauce of a cup of drawn butter, cream or tomato sauce, and a little paprika. Serve hot.

Salmonettes
Drain free from skin and bone one can of salmon (if you are able, get the fresh salmon). Add the juice of a small onion, half a lemon, pepper and salt, a teaspoonful of chopped almonds, a teaspoonful of chopped chives, and enough Russian dressing to mix well. Stir well and serve in little patties on water cross.

Fish Pudding
To one cup of cold fish cut fine add one cup of bread crumbs, the latter to be soaked in warmed milk and then strained and beaten fine. Mix with the fish and add one egg, beaten light, a tablespoonful of milk. Season and put into well greased ramequins or small cups. Steam for half an hour. Remove from the pans and serve piping hot on lettuce leaves.

WOMAN WITH AXE DRIVES OFF MAN MAKING THREATS

Fellow Believed to be an Escaped Criminal Gets Away With Watchman's Gun.

Threatened Woman Who Seizes Ax and Compels Hasty Retreat.

Police Wednesday night scoured the entire southeastern section of the city in search of what is supposed to have been one of the escaped criminals from the Ross county jail.

According to report it is said that the man asked for something to eat at one of the homes near The M. Hamm Fertilizer plant and when denied he is said to have made dire threats and tried to enter the house, but was prevented from entering by an ax in the hands of a determined woman.

The fellow then visited the fertilizer plant where he managed to steal a revolver while the night watchman was in another part of the building after a bucket of water.

The police were notified of the man's actions and immediately started a search over the southeastern part of the city but the alleged criminal had evidently become alarmed and escaped.

The man is supposed to be one of the party of four criminals who made their escape from the Ross county jail Sunday morning.

The management is preparing to offer the best that money can buy to afford entertainment and insure an evening of delightful recreation.

If money talks, is hush money the still small voice?

Will the grass widows have to cast a straw vote?

TO KEEP ILL-HEALTH 'WAY FROM YOUR DOOR IS JUST WHAT MODERN PLUMBING'S FOR...

MODERN plumbing is the up-to-date enemy of ill health. Disease gives a 'well plumbed' home a wide berth. See that your drainage is open and properly constructed, or rather, let us see to it for you.

HERE TO ASSIST WOUNDED SOLDIERS

Mr. J. H. Peterson, a representative of the Federal Board of Vocational Training at Cincinnati, who has spent the past two days at the Red Cross Rooms in this city, announced that he will remain over until late Thursday evening to meet any discharged men who are considering taking up the training and who have not talked with him concerning the taking up of this work.

WILL ASK LEVY TO AID SCHOOLS

Announcement is made that the Board of Education of Wilmington has made plans obtaining a two mill levy, if agreeable to the voters of that town, in order to meet heavy increases in the expense of conducting the schools.

At the present time the income for school purposes in Wilmington is not sufficient to meet increased expenses and needed improvements.

NOTED HEROES AT CENTENARY

Special to Herald.
Columbus, O., July 10.—Gold Medals commemorating their valorous deeds will be presented to Sergt. Alvin C. York, hero of the German Army, and Commander A. H. Read of the U. S. Navy, Trans-Atlantic Aerial Pathfinders, who the two great heroes come to Methodists Centenary Exposition here Saturday. York and Read will deliver speeches in coliseum.

Personally we are willing for Germany to come into the League of Nations if she will sit in the bleachers and praise the umpire.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo
There is one remedy that seldom fails to soothe itching torture and relieve skin irritation and that makes the skin soft, clean and healthy.
Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

COUNCIL MEETS TO ACT ON PAVING

The city council meets tonight at 7:30 to take definite action toward the long-sought improvement of the up-town streets by resurfacing with asphalt, and it is expected that the preliminary legislation formally starting the mills to grinding will be enacted by unanimous vote, and that the streets will be improved some time this fall.

A great deal of interest centers in the improvement, not only among the business men of the city, but by virtually all citizens, who long since have become weary of the very disagreeable condition of the old paved streets in the up-town section.

So notorious have the rough streets in the business section become that announcement of early improvement of them has citizens of other towns who occasionally use the streets, making favorable comment on the improvement.

In Chillicothe similar improvement of the rough and worn streets is contemplated.

R-34 NOW FAR OUT ON RETURN

(By Associated Press)
Washington, July 10.—The British dirigible R-34 was 345 miles due east of New York on her return trip to Scotland at 8:10 a. m., Washington time, today according to a radio message to the Navy Department.

STRIKERS TIE-UP MANY VESSELS

(By Associated Press)
New York, July 10.—A strike of marine firemen, oilers and water tenders was called today, along the entire North Atlantic and Mexican Gulf coast from Galveston to Portland, Maine.
The strike leaders assert that the entire fishing industry and all privately owned vessels will be tied up by the walkout. The strikers demand an increase of \$15 a month in wages and closed shops.

SEARCH FOR BOLD THIEVES

Toledo, O., July 10.—Police so far have searched without success for the thieves who took \$5,000 in stock certificates, a necklace and \$300 in Liberty Bonds from an automobile belonging to S. C. Kingsley, of Cleveland. The valuables were in a hand bag which was left in the car in front of a local hotel. Kingsley was motor-ing from Chicago to Cleveland.

WHEN THE WORLD FINALLY TIRES OF THIS BIRD, IT WILL ALWAYS FIND A WARM WELCOME AT THE OLD HOME FIRESIDE

AND NOW COMES PRINCE HENRY

Berlin, July 9.—Prince Henry of Prussia, brother of the former German Emperor, has now come to the aid of the dethroned war lord and adds his plea to that of the others for abandonment by the Allies of their project to bring the former Kaiser to trial for his crimes against mankind.

Prince Henry, in a telegram to King George, begging him to desist in the effort to extradite the former Monarch, pledges himself to assist the King in bringing to light "the truth regarding the war and its consequences."

CROP CONDITIONS AND WEATHER SUMMARY GIVEN

Columbus, O., July 10.—Fair weather prevailed over the region during the last 24 hours except that light showers occurred in the middle Missouri Valley and northeastward over Iowa and Wisconsin; also scattered thundershowers in central and southern Missouri and southern Kentucky, over an inch falling at Harrisonville, Mo. The temperature is now considerably above the normal in nearly all sections.

The weather was fine for harvesting and haying but was a little too dry in many sections for growing crops. Excellent progress was made with wheat harvest, this work being about completed in central and about half finished in northern districts. Threshing has commenced in the southern counties with a good to excellent yield but the quality is disappointing in some places. Corn is, as a rule, well cultivated and is growing nicely in most sections but needs rain in all sections, in some very bad. Under the very high temperatures of the week oats have matured rapidly and are now heading in northern, ripening in central and being harvested in southern sections. Tobacco plants have made some progress but now need rain. Gardens, pastures and some fruits have deteriorated somewhat on account of the hot, dry weather.

From Washington, D. C., July 9, 1919 it is announced, the week was

characterized by abnormally high temperature, an abundance of sunshine and generally light rainfall in most of the corn and winter and spring wheat districts. As a result, corn has made good growth and has been well cultivated and excellent progress was made in the cutting of hay and the harvesting and threshing of wheat. Wheat, oats and potatoes have deteriorated on account of high temperature in north-central portion and continued dry weather in the north west. The growth and condition of spring wheat continued very satisfactory in most of Minnesota and eastern North Dakota. Pastures and stock are in good condition in east and southern mountain states, but ranges have deteriorated in the northwest and stock has been unfavorably affected. Drought has become serious in the far northwest where the water supply is unusually low.

WILLIAM H. ALEXANDER,
Meteorologist.

WAR COST U. S. \$30,177,000,000

(By Associated Press)
Washington, July 9.—The war cost the United States \$30,177,000,000 up to June 30, 1919. Secretary Glass made this estimate today in submitting to the Congressional appropriation committees the preliminary statements of the Treasury on the condition of the nation's finances.

BERLIN CITIZENS APPEAL TO NOSKE

(By Associated Press)
Berlin, July 9.—Gustav Noske, German Minister of Defense, was asked today by the Citizens' League to call for volunteers to man the surface and subway lines in Berlin and to provide military protection on the trains.
Strikers and employers still are deadlocked on the question of arbitration. Another effort to reopen negotiations between the two sides failed today.

"French Greivred at Our Senators."
Head-line, Well they don't feel any worse about 'em than we do. We have to live with them.

We wouldn't mind modifying the treaty if we knew of some way to modify the Hun.

JAPAN DENIES ASSOCIATION WITH GERMANY

(By Associated Press)
Washington, July 9.—At no time since the beginning of the world war has the Japanese Government sought to enter into any treaty relations with Germany, and neither has any of its agents entertained and propositions of that character, it was said today at the Japanese Embassy.

Existence of a secret treaty between Germany and Japan, under which Japan was to share with Germany her special concessions and privileges in China, in combination with Russia, was reported in a recent press dispatch from Budapest quoting a wireless report from Moscow.

What has become of the old-fashioned feudist who was willing to bury the hatchet if he could carry a sword cane?

AUSTRIA WELL PLEASED WITH ALLIED WISHES

Expresses Satisfaction Over Promise of Admission to League.

(By Associated Press)
Paris, July 10.—Sympathy with the idea of the League of Nations and an expression of willingness to be satisfied with taking the role of a participating member in that organization and enjoy its protection was expressed in the Austrian reply to the allied peace terms made public here today.
The reply sets forth that the deflection recognizes that German-Austria, as the text of the note names the nation, could not take a part in the problems of creating the league, but will be glad of its protection.

STEEL BUSINESS SHOWING FIRST GAINS RECENTLY

(By Associated Press)
New York, July 10. — Unfilled orders of the United States Steel Corporation on June 30th were 4,892,855 tons, according to the corporation's monthly statement issued today.
The statement, it was said, showed a turn in the tide of the steel industry, making the first increase in unfilled tonnage since October, 1918. Until now there has been a steady decrease in the amount of unfilled orders.

DIRIGIBLE R-34 MAKING HEADWAY

(By Associated Press)
Washington, July 10.—The British dirigible R-34 had covered 630 miles 12 hours after she left Roosevelt Field on her return trip to England, at 11:56 o'clock last night, according to a message received at the Navy Department late today from Major D. H. Scott, commander.
He reported that the R-34 was "making for London" and that all was well.

BUSY DAY FOR THE PRESIDENT

Washington, July 9.—President Wilson spent all the first day at his return to Washington in revising and putting the finishing touches on the address he is to make tomorrow in laying the German peace before the Senate. It was understood the President made several changes in his speech.

Also we would rather stay awake on account of insomnia than on account of chiggers.

WORKMAN BADLY INJURED BY TIMBER

While at work at the John Perrill home near this city Thursday morning, Joe Teveille, a brick mason of Springfield, was struck on the head by a piece of falling timber and an ugly gash was inflicted. He was hurriedly rushed to this city where several stitches were required to close the wound.

REDUCED RATES ON RAILROADS TO STATE FAIR

Columbus, O., July 10.—One and one half fare for the round trip from points in Ohio to the state fair, the last week in August, will be the rate railroads will put into effect, E. V. Walborn, manager of the Buckeye exposition, has been notified by the United States railroad administration. Tickets at this rate will be sold from August 24 to 29, with a return limit to reach the original starting point not later than midnight, August 31. Granting of this reduced fare is expected to swell attendance at the fair.

Manager Walborn has been notified also that articles for exhibition at fairs under public auspices, except autos, airships, horses for race or bucking contests or trained horses or other animals used for other than exhibition purposes, when exhibited at only one such exposition, will be hauled to the fair at full tariff rates but will be returned free if shipped back within 30 days after the close of the show.

When certain requirements are complied with, exhibition articles when moving over a circuit of fairs, will be carried at one-half of the regular tariff rates, railroads announce. Special rates also have been made for live stock "chiefly valuable for breeding, racing, show purposes or other special uses.

BAD CHECK LAW TO GET AFTER CARELESS CROOK

Severe Punishment in New Law Which Becomes Effective on Thursday.

Garage and Automobile Dealers Especially Benefitted by Statute.

The dead beat and the confidence dealer and garageman as legitimate prey, for no other class of business is imposed on more by those who spend much of their energy in trying to get something for nothing.

To help remedy this condition the Ohio Auto Trade Association proposed a Bad Check law which was incorporated in the new Banking Code, which becomes effective July 10th. The law is as follows:

"Section 176. Any person, who with intent to defraud, shall make or draw or utter or deliver any check, draft or order for the payment of money upon any bank or other depository, who, at the time thereof, has insufficient funds or credit with such bank or depository, shall be guilty of a felony, and upon conviction thereof shall be fined not less than fifty dollars and not more than two hundred dollars, or imprisoned in the Ohio State penitentiary for not less than one year nor more than three years or both.

"As against the maker or drawer thereof, the making drawing, uttering or delivering of a check, draft or order, payment of which is refused by the drawee, shall be prima facie evidence of intent to defraud, and knowledge of insufficient funds in, or credit with, such bank or other depository. The word "credit" as used herein shall be construed to mean any contract or agreement with the bank or depository for the payment of such check, draft or order when presented."

Under the new law the giving of a check, payment of which is refused by the drawee, is prima facie evidence of intent to defraud, and the party giving the check is guilty of a felony. The burden of proof is on him, and he must prove that he did not intend to defraud. Those who have been in the habit of giving checks promiscuously will come to grief if they continue to do so.

This law will, of course, benefit all classes of business, and the Ohio Auto Trade Association has done a service to all in getting this into the Banking Code.

Washington and Fayette county business interests will welcome the new statute.

The speakeasies haven't a word to say.

PLANNING FOR A GREAT FAIR

The Fayette County Fair will be held on the 13th, 14th, and 15th of August. Plans are being laid by the board for one of the largest fairs ever held in this county, and indications are that a goodly array of racing talent will be on hand for the racing program, and that exhibits will be unusually large and complete.

Plans for the three days are being worked out by the board and definite announcement for the entire program will be made within a short time.

MILLION WILL PAY ADMISSION TO CENTENARY

Great Rush for Tickets to See Pageant Features

Columbus, O., July 9.—With the average attendance at the Methodist centenary exposition placed at 50,000 each day, it was estimated yesterday that the total attendance will have been approximately 1,000,000 when the gates finally are closed Sunday evening.

No statement of the receipts of the exposition has been made by the treasury department. They are expected to announce some figures probably today, however.

The repetition of the exposition in various cities on a larger scale was approved at a conference of the Inter-Church cabinet of secretaries and executive staff which has been in session here for the last few days with Dr. S. Earl Taylor as general chairman.

Although any action which the staff here might take must be approved by the executive committee at a meeting in New York two weeks from today, inter-church expositions for the future are practically assured according to Dr. Fred B. Fisher.

Chicago is Favored.

Pasadena, Cal., and St. Petersburg, Fla., both have asked that an inter-church exposition be held there in winter. Chicago is being strongly favored by the cabinet, Dr. Fisher said.

The entire exposition may be given at one time, probably in 1921 or in a series of celebrations, according to plans.

An industrial relations department was created at a meeting yesterday to study industrial conditions in Europe, Asia and America. A report probably will be made in the fall, it was announced.

Four million dollars was mentioned at the meeting as the necessary sum to carry on the inter-church program during the next 10 years.

There will be no general admission tickets sold today for the pageant, "The Wayfarer," according to an announcement last night.

There probably will be a few reserved seat tickets on sale, but the number cannot be determined until season ticket holders have been accommodated. If season ticketholders claim tickets in sufficient number to claim all available seats they alone will obtain admission.

Yesterday 1000 reserved seats were sold for tonight, officials said. Tickets were sold out before season ticket holders had their punched and exchanged, it was said. Many of them indignant, rushed immediately to headquarters, waving their pink season tickets.

Many object against sale of reserved seats when season ticket holders could not be accommodated.

Pageant workers are being given an opportunity to obtain tickets with out standing in line. It is impossible to estimate the number that go on sale each day officials say.

GROUP MEETING

The North Main and Hinde Streets group will hold their meeting at the home of Mrs. Whelpley on Hinde St. Friday evening at 7:30.

JULY IS MONTH IN WHICH TO KILL THE WORST INSECTS

(By Associated Press)

Washington, July 10.—July is the month to kill enemy insects says a statement from the American Forestry Association. Charles Lathrop Pack, president of the Association, estimates the annual feast of enemy insects costs this country \$500,000,000. To check this annual feed the Association makes these suggestions for July:

Spray fruit trees with bordeaux lead. Spray elms for elm leaf beetles with arsenate of lead, one pound to ten gallons of water. Spray for forest tent caterpillars with arsenate of lead (same proportion). Spray tussock moth and other lead eating insects with arsenate of lead (same proportion).

"If woolly aphid is found on under side of beech tree leaves spray with whale oil soap, one pound to ten gallons of water. Use the same combination on the red spider that may be found on prostrate junipers, yew and box. The sycamore blight may be found in the shape of a white woolly mass on the under side of leaves causing them to curl and wilt. Get the bordeaux mixture in proportions of one pound to eight gallons of water.

"A good way to destroy caterpillars is to drive carpet tacks part way into a long stick end. Catch your web at highest point and start turning until you have the web then plunge into any liquid that will kill them.

HOSPITAL SIGNS ARE DOING WORK

As a result of action by the city council "quiet" signs have been placed on either side of the Fayette Hospital. The signs are yellow with black letters and may be read for some distance by the passing motorists.

Inasmuch as the hospital is on one of the corners most frequented by traffic the signs are a timely addition. A noticeable decrease in the excessive noise of the corner has resulted since the signs were erected.

RED BLOODED MEN FIGHTERS

THEY RULE THE WORLD

Red blooded men are born leaders in every walk of life and fight intelligently with both brain and muscle. They are always live wires, smiling and full of ginger; keen, alert on their toes and ready for anything that comes their way. Work is a pleasure and they land on top every time.

You will not find a strong successful man or woman trying to plug along with poor health or weak nerve. They know better, they are wiser and see to it that their blood has plenty of good fresh iron and their nerves at all times loaded with Phosphates—the nerve food.

A leading doctor says, "Show me a strong, healthy successful man or woman and you can bank on it every time, their bodies are just loaded with Iron and Phosphates". Another prominent Physician says, "There is no need of anyone going through life sickly, miserable, played out, fagged and nervous when Phosphated Iron will always put energy and vigor in the body, mind and nerve." This same doctor also said, "With the system loaded with Phosphated Iron you can fight life's battle at any stage of the game and be a winner at every turn."

Mr. Run Down man or woman in any stage of life, if you feel all in, your nerves are all shot, and life seems like one continual drag and drudgery from day to day, get next to yourself, wake up, take a brace. Lay in a supply of Phosphated Iron and take a new lease on life. You will once again feel like a live one and face the world with the smile that wins. Are you game?

To insure physicians and their patients receiving the genuine Phosphated Iron it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules.

Frank Christopher, the Druggist and leading druggists everywhere.

Good Tire Judgment

Every time you buy United States Tires your judgment is backed by that of hundreds of thousands of experienced motorists,
